

# The Fishing Cycle

- **F**ocus – Week 1 (small groups)

We focus on the work God is doing in our lives and think about a friend we want to reach. We spend personal time alone with God praying for that person.

- **I**nspiration – Week 2 (guest speaker)

Get inspired! We're on a mission for the Lord. Guest speakers come and present a challenge.

- **S**hare - Week 3 (student speaker)

How did you first meet Jesus Christ? We all share our personal stories. We remind each other that prayer is totally powerful, and we specifically pray for those we're trying to reach.

- **H**ook – Week 4 (outreach event)

This is the environment where your non-Christian friends are invited to hear the awesome message of Jesus and discover what He can do in their lives.

- **Follow Up**

Now that your friends are "hooked", pull them into the boat. You know that genuine life-change is a major uphill battle without surrounding yourself with the support of His people, His church. Get your new Christian friends plugged into your church to help them continue to grow in Christ.
